£3,000,000,000

Euro Medium Term Note Programme

Under this £3,000,000,000 Euro Medium Term Note Programme (the "Programme"), Marks and Spencer plc (the "Issuer") may from time to time issue notes (the "Notes") denominated in any currency agreed between the Issuer and the relevant Dealer (as defined below).

Notes may be issued in bearer or registered form (respectively Bearer Notes and Registered Notes). The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed £3,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein.

Factors which may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme and factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are set out on pages 11-19.

The Notes may be issued on a continuing basis to one or more of the Dealers specified under "Description of the Programme" and any additional Dealer appointed under the Programme from time to time by the Issuer (each a "Dealers" and together, the "Dealers"), which appointment may be for a specific issue or on an ongoing basis. References in this Offering Circular to the relevant Dealer shall, in the case of an issue of Notes being (or intended to be) subscribed by more than one Dealer, be to all Dealers agreeing to subscribe for such Notes.

This Offering Circular has been approved as a base prospectus by the Financial Conduct Authority (the "FCA"), as competent authority under Regulation (EU) 2017/1129 (the "Prospectus Regulation"). The FCA only approves this Offering Circular as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or of the quality of the Notes that are the subject of this Offering Circular. Investors should make their own assessment as to the suitability of investing in the Notes.

Application has been made to the FCA for Notes issued under the Programme during the period of 12 months from the date of this Offering Circular to be admitted to the official list of the FCA (the "Official List") and to the London Stock Exchange plc (the "London Stock Exchange") for such Notes to be admitted to trading on the London Stock Exchange’s regulated market.

References in this Offering Circular to Notes being listed (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange’s regulated market and have been admitted to the Official List. The London Stock Exchange’s regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2014/65/EU).

This Offering Circular (as supplemented as at the relevant time, if applicable) is valid for 12 months from its date in relation to Notes which are to be admitted to trading on a regulated market in the European Economic Area (the "EEA") and/or offered to the public in the EEA other than in circumstances where an exemption is available under Article 1(4) and/or 3(2) of the Prospectus Regulation. For these purposes, references to the EEA include the United Kingdom (the "UK"). The obligation to supplement this Offering Circular in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Offering Circular is no longer valid.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche (as defined under "Terms and Conditions of the Notes") of Notes will be set out in the Final Terms (the "Final Terms") which, with respect to Notes to be admitted to the Official List and admitted to trading/listed on the London Stock Exchange, will be delivered to the FCA and, where listed, the London Stock Exchange on or before the date of issue of the Notes of such Tranche. Copies of Final Terms in relation to Notes to be listed on the London Stock Exchange will also be published on the website of the London Stock Exchange through a regulatory information service.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the Securities Act) or any U.S. State securities laws and may not be offered or sold in the United States or to, or for the account or the benefit of, U.S. persons as defined in Regulation S under the Securities Act unless an exemption from the registration requirements of the Securities Act is available and in accordance with all applicable securities laws of any state of the United States and any other jurisdiction.

The Issuer has been rated BB+ (long term) and B (short term) by S&P Global Ratings Europe Limited (S&P) and Ba1 (long term) by Moody’s Investors Service Ltd. (Moody’s). The Programme has been rated BB+ by S&P and Ba1 by Moody’s. S&P is established in the European Union and Moody’s is established in the UK and each of S&P and Moody’s is registered under the Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation). Notes issued under the Programme may be rated or unrated by either of the rating agencies referred to above. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating assigned to the Programme by the relevant rating agency. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the relevant rating agency.

This Offering Circular supersedes all previous offering circulars relating to the Programme and supplements thereto. Any Notes issued under the Programme on or after the date hereof are issued subject to the provisions set out herein. This does not affect any Notes issued prior to the date hereof.

Amounts payable on Floating Rate Notes may be calculated by reference to one of LIBOR or EURIBOR as specified in the relevant Final Terms. As at the date of this Offering Circular, the administrator of LIBOR (ICE Benchmark Administration Limited) and the European Money Markets Institute, the administrator of EURIBOR are included in the register of administrators and benchmarks and maintained by the European Securities and Markets Authority (ESMA) under Article 36 of Regulation (EU) No. 2016/1011 of the European Parliament and of the Council of 8 June 2016, as amended (the Benchmarks Regulation).
The date of this Offering Circular is 6 November 2020
IMPORTANT INFORMATION

This Offering Circular comprises a base prospectus for the purposes of Article 8 of the Prospectus Regulation. When used in this Offering Circular, Prospectus Regulation means Regulation (EU) 2017/1129.

The Issuer accepts responsibility for the information contained in this Offering Circular and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer, the information contained in this Offering Circular is in accordance with the facts and this Offering Circular makes no omission likely to affect its import.

This Offering Circular is to be read in conjunction with all documents which are incorporated in it by reference (see “Documents Incorporated by Reference” below). This Offering Circular shall be read and construed on the basis that those documents are so incorporated and formpart of this Offering Circular.

Other than in relation to the documents which are deemed to be incorporated by reference (see “Documents Incorporated by Reference” below), the information on the websites to which this Offering Circular refers does not form part of this Offering Circular and has not been scrutinised or approved by the FCA.

To the fullest extent permitted by law, none of the Dealers, the Trustee or the Arranger accept any responsibility for the contents of this Offering Circular or for any other statement, made or purported to be made by the Arranger, the Trustee or a Dealer or on its behalf in connection with the Issuer or the issue and offering of the Notes. The Arranger, the Trustee and each Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Offering Circular or any such statement.

No person is or has been authorised by the Issuer, any of the Dealers or the Trustee to give any information or to make any representation not contained in or not consistent with this Offering Circular or any other information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, any of the Dealers or the Trustee.

Neither this Offering Circular nor any other information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation of the Issuer and/or the Notes or (b) should be considered as a recommendation by the Issuer, any of the Dealers or the Trustee that any recipient of this Offering Circular or any other information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigatation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Offering Circular nor any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer, any of the Dealers or the Trustee to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Offering Circular nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained in it concerning the Issuer is correct at any time subsequent to its date or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers and the Trustee expressly do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme or to advise any investor in Notes issued under the Programme of any information coming to their attention. Investors should review, inter alia, the most recently published documents incorporated by reference into this Offering Circular when deciding whether or not to purchase any Notes.

PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA or in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, MiFID II); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the Insurance Distribution Directive), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the PRIIPs Regulation) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes will include alegend entitled “MiFID II product governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering,
selling or recommending the Notes (a **distributor**) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the Product Governance rules under EU Delegated Directive 2017/593 (the **MiFID Product Governance Rules**), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise none of the Arranger, nor the Dealers and any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

This Offering Circular has been prepared on the basis that any Notes with a minimum denomination of less than €100,000 (or equivalent in another currency) will (i) only be admitted to trading on an EEA regulated market (as defined in MiFID II), or a specific segment of an EEA regulated market, to which only qualified investors (as defined in the Prospectus Regulation) can have access (in which case they shall not be offered or sold to non-qualified investors) or (ii) only be offered to the public in an EEA Member State pursuant to an exemption under Article 1(4) of the Prospectus Regulation (and for these purposes, references to the EEA include the United Kingdom).

If a jurisdiction requires that the offering be made by a licensed broker or dealer and the Dealers or any affiliate of the Dealers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the Dealers or such affiliate on behalf of the Issuer in such jurisdiction.

**IMPORTANT INFORMATION RELATING TO THE USE OF THIS OFFERING CIRCULAR AND OFFERS OF NOTES GENERALLY**

This Offering Circular does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Offering Circular and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Dealers and the Trustee do not represent that this Offering Circular may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Dealers or the Trustee which would permit a public offering of any Notes outside the UK or distribution of this Offering Circular in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Offering Circular nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Offering Circular or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Offering Circular and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Offering Circular and the offer or sale of Notes in the United States, the EEA (including, for these purposes, the UK) and Japan (see “Subscription and Sale”).

**SUITABILITY OF INVESTMENT**

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

(i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Offering Circular or any applicable supplement;

(ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;

(iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor’s currency;

(iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets; and
is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

**ALTERNATIVE PERFORMANCE MEASURES**

A number of the financial measures presented by the Issuer under “Description of the Issuer” below are not defined or specified under the requirements of International Financial Reporting Standards (IFRS) accounting standards. However, the Issuer believes that these measures provide useful supplementary information on the performance of the business to both investors and the Issuer’s management. It is to be noted that, since not all companies calculate financial measurements in the same manner, these are not always comparable to measurements used by other companies. Accordingly, these financial measures should not be seen as a substitute for measures defined according to IFRS. Unless otherwise stated, the list below presents alternative performance measures, along with their reconciliation to the extent that such information is not defined according to IFRS and not included in the Issuer’s financial statements incorporated by reference into this Offering Circular.

“Return on capital employed” is calculated on an annual basis and is calculated as EBIT before adjusting items/Average capital employed, where:

1. “EBIT before adjusting items” means profit before the impact of adjusting items, net finance costs and tax as disclosed on the face of the consolidated income statement;
2. “Average capital employed” is calculated as the average of opening and closing capital employed; and
3. “Capital employed” is the net total of assets and liabilities as reported in the annual financial statement excluding assets and liabilities in relation to investment property, net retirement benefit position, derivatives, current and deferred tax liabilities, Scottish Limited Partnership liability, non-current borrowings and provisions in respect of adjusting items).

“EBITDA” means earnings before interest, tax, depreciation and amortisation.

“Adjusted EBITDA” means earnings before interest, tax, depreciation, amortisation and adjusting items.

“Constant currency” retranslates the previous year revenues at the average actual periodic exchange rates used in the current financial year.

“Financial Net Debt” means net debt excluding IFRS 16 lease liabilities.

“Operating Margin” means operating profit before adjusting items on a management basis divided by revenue. The operating profit used in this calculation is based on an internal measure of margin rather than the statutory margin, which excludes adjusting items.

**PRESENTATION OF INFORMATION**

In this Offering Circular, all references in this document to Sterling and £ refer to pounds sterling and to euro and € refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.
In connection with the issue of any Tranche of Notes, one or more relevant Dealers named as the Stabilisation Manager(s) (or any persons acting on behalf of any Stabilisation Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or any person acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer believes that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme. However, the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons which may not be considered significant risks by the Issuer based on information currently available to it or which it may not currently be able to anticipate.

Prospective investors should also read the detailed information set out elsewhere in this Offering Circular and reach their own views prior to making any investment decision.

1. FACTORS THAT MAY AFFECT THE ISSUER’S ABILITY TO FULFIL ITS OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME

Covid-19

A failure to effectively respond to the trading, operational, legal and financial consequences of the Covid-19 pandemic in the short term or during the course of a prolonged outbreak would adversely impact business performance.

The Covid-19 pandemic has had, and may continue to have, a significant impact on the business of Marks and Spencer plc and its subsidiaries (the Group). Since the outbreak, it has amplified a number of existing risk factors – such as failing to improve the trading performance of the Group’s businesses; delivery of transformation initiatives (including the modernisation of the Group’s supply chain and the ongoing store transformation programme); maintaining and having access to appropriate sources of funding; maintaining compliance with all applicable laws and regulations; or effectively implementing business continuity plans (all of which are discussed in further detail below). However, within this range of potential risks, maintaining the safety and well-being of colleagues and customers has, and continues to be, the Group’s overriding priority.

An inability to successfully respond to the ending of pandemic management measures (such as re-establishing ‘business as usual’ process and control) or to set and successfully implement a revised strategy to respond to a post-Covid environment and the associated changes in customer behaviours and operational requirements would also undermine the transformational initiatives of the Group and create operational challenges and inefficiencies.

A prolonged outbreak may also result in increasingly stringent government measures to manage the pandemic (both in the UK and other countries of operation) resulting in further uncertainty and increased pressure on the Group’s operations, colleagues and customer proposition.

Improving trading performance

A failure of the Group’s Food and/or Clothing & Home business to effectively and rapidly respond to the pressures of an increasingly competitive and changing retail environment, including the impact of Covid-19, would adversely impact customer experience, operational efficiency and business performance.

M&S competes with a diverse range of retailers – in both Food and Clothing & Home – in an increasingly challenged sector faced with continued cost and pricing pressures, shifts in consumer behaviours and broader macroeconomic uncertainties. Delivering the right product ranges that appeal to the Group’s customers, clear and simple pricing architecture and availability are critical to the growth of the Group’s business.

In addition, Covid-19 has had, and continues to have, a significant negative impact on the Group’s trading performance in line with that seen in UK retail more widely. Delays in implementing the targeted transformational improvements, or the business recovery plans in response to Covid-19, across the business could negatively impact business performance.

Business transformation

A failure to execute the Group’s business transformation and cultural change initiatives with pace, consistency and cross-business buy-in will impede the Group’s ability to improve operational efficiency and competitiveness.

The business is continuing to deliver a range of projects underpinning its transformation, including:
– The reshaping, modernising and effective management of a UK store estate that is fit for the future, with the right stores in the right space, improved integration between online and store sales and shopping facilities expected by the Group’s target customer groups;

– Modernising the Group’s supply chain and logistics activities to improve speed, operational effectiveness and availability and to reduce costs; and

– Delivering the Group’s digital ambitions to improve customer experience, reduce costs and work smarter across the business.

In response to Covid-19, the business continues to re-evaluate transformation priorities and their delivery, including acceleration of initiatives to respond to permanent changes in customer behaviours or to changed working practices, balancing delivery of the transformation with strict cash management disciplines and rapidly reacting to the consequences of the pandemic. A pause or delay to key components of the business improvement programme because of the pandemic or other reasons may delay delivery of the transformation objectives.

Brexit

An inability to quickly identify and effectively respond to the challenges of a post-Brexit environment could have a significant impact on performance across the Group’s business.

The potential implications of the UK’s exit from the European Union are significant and include:

– Deterioration in customer sentiment;

– Operational complexity and cost due to restrictions on the movement of goods and stricter border controls;

– Costs passed through from the Group’s suppliers;

– Continuity of supply and supplier viability;

– Import and export duties;

– Volatility in currency and corporate bond rates;

– Tightening of the labour market;

– Additional regulatory responsibilities and costs; and

– Increased complexity and cost in the Group’s international operations, including its franchise activities.

While an orderly exit following the end of the transitional period would allow business planning to more effectively address the changes against a defined timeframe, the level of change required as part of any deal remains unclear. The increased possibility of a no deal outcome would have a more immediate and negative impact, impeding the ability to implement the necessary measures on a timely basis.

Liquidity and funding

Significantly reduced trading over an extended and currently undetermined timeframe, combined with an inability to effectively manage expenditure against revised targets, could impact the business’s ability to operate within and secure additional committed credit facilities.

Availability of, and access to, appropriate sources of funding is required for core business operations and the successful and timely delivery of the Group’s transformation plan. In addition, cash management has added complexity as a consequence of ongoing trading restrictions in parts of the business, the associated reduction in cash generation and planning for the impact, and subsequent removal, of emergency measures during the pandemic.

Brexit adds a further dimension to this risk because of the potential impact on currency movements, corporate bond rates, changes in credit regulations and the extent of government support of credit markets.

An inability to maintain appropriate short and longer-term funding to meet business needs (both operational and strategic), make payments on debt and to effectively manage associated risks, such as significant fluctuations in foreign currency or interest rate changes, may have an adverse impact on business viability and performance.

Investment in Ocado Retail Limited

A failure to effectively manage the strategic and operational relationship with Ocado Retail Limited would significantly impact the achievement of the Group’s multi-channel food strategy and the ability to add shareholder value.

The purpose of the Group’s joint investment with Ocado Group is to allow the Group to take its food online in a profitable, scalable and sustainable way, operating as a fully aligned partnership with complementary skills and assets. The Group successfully launched M&S product ranges on the Ocado platform in September 2020. Effective management of the overall strategic and operational relationship with both Ocado Retail Limited and Ocado Group remains a business priority and is essential to deliver the long-term benefits anticipated from the investment.

Food safety and integrity
Failure to prevent or effectively respond to a food safety incident, or to maintain the integrity of the Group’s products, could impact business performance, customer confidence and the Group’s brand.

Food safety and integrity remain vital for the business. The Group needs to manage the potential risks to customer health and consumer confidence that face all food retailers. This includes considering how external pressures on the food industry and wider economic and environmental changes could impact the availability and integrity of the Group’s food, the ability to operate all routine controls, its reputation and shareholder value.

Many of these external pressures, including the impact of Covid-19, inflationary costs, labour quality and availability, increased regulatory scrutiny, animal disease, and the unknown impact of Brexit, are, to a large degree, outside the Group’s direct business control.

**Corporate compliance and responsibility**

Failure to deliver against the Group’s legal, regulatory, social and environmental commitments would undermine its reputation as a responsible retailer, may result in legal exposure or regulatory sanctions, and could negatively impact its ability to operate and/or remain relevant to its customers.

The increasingly broad and stringent legal and regulatory framework for retailers creates pressure on both business performance and market sentiment requiring ongoing change and improvements in how M&S operates to maintain compliance.

More recently, the requirements triggered by the Covid-19 outbreak, including personal safety and social distancing, have in a short time frame necessitated immediate changes to operating procedures in the Group’s distribution network, stores and support centres.

In addition, the expectations of the Group’s customers and other stakeholders (including regulators) are increasingly demanding. For example, the environmental impact of food packaging or the importance of sustainable and ethical sourcing of clothing are increasingly relevant. Speed in responding to evolving expectations is vital to maintaining a positive business perception.

Non-compliance may result in fines, criminal prosecution for M&S or colleagues, litigation, additional investment to rectify breaches, disruption or cessation of business activity, as well as have an impact on the Group’s reputation and financial results.

**Information security (including cyber)**

Failure to adequately prevent or respond to a data breach or cyber-attack could adversely impact the Group’s reputation, result in significant fines, business disruption, loss of stakeholder confidence, and/or loss of information for its customers, colleagues or business.

The increasing sophistication and frequency of cyber-attacks in the retail industry, coupled with the Data Protection Act (DPA), highlight the escalating information security risk facing all businesses. The Group’s reliance on a number of third parties hosting critical services and holding M&S and customer data also means the information security risk profile is changeable. The risk also changes as the Group develops its digital capabilities - for example its dependency on the availability of, and access to, data across its business or the increasing customer shift online.

The risk of a data breach or misuse is also impacted by Covid-19. The potential for targeted phishing campaigns, increased reliance on third parties, home working and the use of personal devices create additional risks.

**Business continuity and resilience**

Failures or resilience issues at key business locations could result in major business interruption. In particular, a major incident at the Group’s Castle Donington e-commerce distribution centre may have a significant impact on the Group’s ability to fulfil online orders. More broadly, an inability to effectively respond to global events, such as a pandemic or supply chain disruption, would significantly impact business performance.

As the Group’s sole online Clothing & Home fulfilment centre, the effective operation of its Castle Donington depot is vital. A major incident leading to a sustained period offline would impact sales and potentially hinder the growth of M&S.com. In addition to Castle Donington, the loss of other locations such as the dedicated warehouses that store beers, wines & spirits or frozen goods in the UK or support facilities, such as for IT, could impact business operations.

While the response to Covid-19 has highlighted the business’s ability to continue operating in challenging circumstances, it has also underlined the risk associated with its global supply chains. The reliance on China and the interdependency of sourcing locations, in addition to the concentration of supply from individual countries such as Bangladesh, highlight the potential impact of globally disruptive events.

**Third party management**
An inability to successfully manage and leverage the Group’s strategic third-party relationships, or a critical failure of a key supplier or partner, could impact delivery of its transformation initiatives, its ability to operate effectively and efficiently or, in some circumstances, its brand and reputation.

The Group’s business is increasingly dependent on significant third-party relationships. These span M&S and include products and services, franchise relationships, the Group’s joint ventures and its M&S Bank financial services partner. To fully leverage these relationships, M&S continues to focus on developing clear and consistently applied processes to track performance, ensuring that commercial expectations and outcomes are met and to put in place plans to manage potential business interruption risk created by such dependencies.

**Talent, culture and capability**

An inability to maintain efficient processes and complete accurate people metrics could impact the Group’s ability to effectively target its resources and people agenda to focus on attracting, engaging, developing and motivating colleagues and developing skills for the future. This could also impact the pace of operational and cultural transformation across the business.

The need to engage, motivate and connect with the Group’s colleagues across a multi-generational, diverse workforce and drive digital skills and mindset is key to delivering productivity and supporting the transformation of its business while driving customer loyalty through a differentiated service proposition. An inability to maintain the necessary change management capabilities could constrain the Group’s transformation objectives. This, combined with the cultural challenge of managing talent, performance and succession could result in increased resource management and development costs.

**Technology capability**

A failure to improve the Group’s technology capabilities, reduce dependency on legacy systems and enhance digital capability could limit its ability to keep pace with customer expectations and competitors, enable business transformation and grow profitably.

The digital world continues to evolve at an unrelenting pace, enabling competitive advantage, influencing consumer behaviours or expectations and increasing demands on IT infrastructure. As demonstrated during the Covid-19 lockdown, the Group’s business resilience is increasingly dependent on the reliability and effectiveness of its technology infrastructure and capability. We are clear on the Group’s aim to be digitally enabled and continue to plan and invest to support this objective. While a focus on improving the existing IT infrastructure has begun to deliver improvements in capability, flexibility and cost efficiency, further work is required to enable the business to move with pace to meet customer and colleague needs. We also need to continue to develop the skills and capabilities of the Group’s colleagues in order to drive beneficial and effective use of the technological changes that are made.

**Brand, loyalty & customer experience**

An inability to evolve the Group’s brand appeal, customer experience and Sparks loyalty programme could impact its success in retaining and attracting customers and expanding the business, which could result in a decline in market share.

Consumer lifestyles and attitudes continue to evolve at pace in an increasingly diversified and competitive retail environment. A failure to anticipate and keep up with customer expectations could impact future trading performance. In addition, the duration of Covid-19 and its longer-term impact on consumer behaviour, shopping habits and spending power, is unknown, making the Group’s ability to plan and rapidly react more important than ever.

**Markets and funding**

The risk that the Group will be unable to meet its obligations when they fall due and to replace funds when they are withdrawn can be impacted by a range of institution-specific and market-wide events including, but not limited to, credit events, merger and acquisition activity, systemic shocks and natural disasters.

During periods of market dislocation, the Issuer and the Group’s funding may be impacted by a reduction in the availability of wholesale term funding for market participants, as well as an increase in the cost of raising wholesale funds.

Should this risk materialise, it could have an adverse impact on the Group’s financial results and accordingly, on its ability to make payments under the Notes.

**Rating**

The credit rating of the Group depends on many factors, some of which are outside the Group’s control.

Deterioration in any of these factors or a combination of these factors may result in a downgrade in the Group’s long-
term rating. This could potentially impact on both the cost and accessibility of existing and new funding thereby affecting the Group’s obligations under its outstanding bonds and future bonds and its financial results and accordingly, its ability to make payments under the Notes.

Pension funding

As at 26 September 2020 the Group had a net post-retirement asset of £890.0 million on an IAS19 basis. A significant future funding requirement might conflict with cash available from operational activities, operational or strategic financing requirements, or might require funding from external sources. Such a funding requirement could affect the Group’s operations and its financial results accordingly, its ability to make payments under the Notes.

Economic and political conditions

The Group has no control over changes in inflation and interest rates, foreign currency exchange rates and controls, or other economic factors affecting its business such as household and consumer spending. Fluctuations in foreign exchange and any deterioration in the global economy could impact the performance of the Group. Similarly, political, legal or regulatory changes are all beyond the Group’s control. For example, the consequences of the UK’s decision to leave the European Union will directly impact the Group’s business in a variety of ways. Any or all of these matters could have an adverse effect on the Group’s financial results and accordingly, on its ability to make payments under the Notes.

Socio-political unrest

Where ongoing geopolitical uncertainty, social unrest or the threat of terrorism have the potential to impact the Group’s ability to trade, consumer confidence and retail spending on a global scale, this could have an adverse impact on the Group’s financial results and accordingly, its ability to make payments under the Notes.

Internal controls

The Board has overall responsibility for the Group’s systems of internal control and for monitoring their effectiveness. This includes reviewing financial, operational and compliance controls. The role of executive management is to implement the Board’s policies on control, and present assurance on compliance with these policies. Further assurance is presented by internal audit, which operates across the Group. All employees are accountable for operating within these policies.

Due to the limitations that are inherent in any system of internal control, this system is designed to manage, rather than eliminate, the risk of failure. Any such failures in developing, monitoring and implementing the Board’s policies or any irregularities initiated by employees, vendors or third parties could affect the Group’s operations, its financial results and accordingly, its ability to make payments under the Notes.

2. FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

A. Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned
Fixed/Floating Rate Notes are Notes which bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to convert the interest basis, and any conversion of the interest basis, may affect the secondary market in, and the market value of, such Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than the prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on those Notes and could affect the market value of an investment in the relevant Notes.

**Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates**

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities. Such volatility could have a material adverse effect on the value of, and return on, any such Notes.

**The regulation and reform of “benchmarks” may adversely affect the value of Notes linked to or referencing such “benchmarks”**

Interest rates and indices which are deemed to be benchmarks, including the London interbank offered rate (LIBOR) and the euro interbank offered rate (EURIBOR) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a “benchmark”.

Regulation (EU) 2016/1011 (the *Benchmarks Regulation*) applies subject to certain transitional provisions, to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU (which, for these purposes, includes the United Kingdom). Among other things, it (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a "benchmark", in particular, if the methodology or other terms of the benchmark are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements.

Specifically, the sustainability of LIBOR has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of benchmark reforms) for market participants to continue contributing to such benchmarks. The FCA has indicated through a series of announcements that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021.

Separately, the euro risk free-rate working group for the euro area has published a set of guiding principles and high level recommendations for fallback provisions in, amongst other things, new euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the euro area financial system.

It is not possible to predict with certainty whether, and to what extent, LIBOR and EURIBOR will continue to be supported going forwards. This may cause LIBOR and EURIBOR to perform differently than they have done in the past, and may have other consequences which cannot be predicted. Such factors may have (without
limitation) the following effects on certain benchmarks: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in a benchmark and/or (iii) leading to the disappearance of the “benchmark”. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing or otherwise dependent (in whole or in part) upon, a benchmark.

Investors should be aware that, if LIBOR or EURIBOR were discontinued or otherwise unavailable, the rate of interest on Floating Rate Notes which reference LIBOR or EURIBOR will be determined for the relevant period by the fallback provisions applicable to such Notes. Depending on the manner in which LIBOR or EURIBOR is to be determined under the Terms and Conditions, this may in certain circumstances (i) be reliant upon the provision by reference banks of offered quotations for LIBOR or EURIBOR which, depending on market circumstances, may not be available at the relevant time or (ii) result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page. Any of the foregoing could have an adverse effect on the value or liquidity of, and return on, any Floating Rate Notes which reference LIBOR or EURIBOR.

Investors should also note that the Issuer may enter into hedging transactions to hedge the floating rate exposure of a Floating Rate Note. The fallback arrangements in respect of such hedging transactions could be different to those in the Floating Rate Notes which could lead to a mismatch between the Floating Rate Note and the hedging transaction. This could leave Issuer exposed to a mismatch risk which it otherwise would not have been.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation or any of the international or national reforms and the possible application of the benchmark replacement provisions of Notes in making any investment decision with respect to any Notes referencing a benchmark.

B. Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

Modification, waivers and substitution

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider and vote upon matters affecting their interests generally, or to pass resolutions in writing. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or, as the case may be, did not sign the written resolution, and including those Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 15 of the Terms and Conditions of the Notes. Any such modification, waiver, authorisation, determination, substitution or amendment as described in this paragraph will be binding on all Noteholders and Couponholders without any requirement for the consent of any Noteholder or Couponholder and without regard to the interests of particular Noteholders or Couponholders.

The value of the Notes could be adversely affected by a change in English law or administrative practice

The Terms and Conditions of the Notes are based on English law in effect as at the date of this Offering Circular. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Offering Circular and any such change could materially adversely impact the value of any Notes affected by it.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued
In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

C. Risks related to the market generally

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes.

Notes may have no established trading market when issued, and one may never develop. If a market for the Notes does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

In addition, Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Offering Circular), whereby there is a general lack of liquidity in the secondary market for instruments similar to the Notes. Such lack of liquidity may result in investors suffering losses on the Notes in secondary resales even if there is no decline in the performance of the assets of the Issuer. The Issuer cannot predict which of these circumstances will change and whether, if and when they do change, there will be a more liquid market for the Note and instruments similar to the Notes at that time.

If an investor holds Notes which are not denominated in the investor’s home currency, he will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes.

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the Investor’s Currency) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (1) the Investor’s Currency-equivalent yield on the Notes, (2) the Investor’s Currency equivalent value of the principal payable on the Notes and (3) the Investor’s Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates.

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate
paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes, as an equivalent investment issued at the current market interest rate may be more attractive to investors.

_Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in these Notes._

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European (including United Kingdom) regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU or the United Kingdom and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). If the status of the rating agency rating the Notes changes, European (including United Kingdom) regulated investors may no longer be able to use the rating for regulatory purposes and the Notes may have a different regulatory treatment. This may result in European (including United Kingdom) regulated investors selling the Notes which may impact the value of the Notes and any secondary market. Such general restriction will also apply in the case of credit ratings issued by non-EU and non-UK credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered or UK-registered credit rating agency or the relevant non-EU or non-UK rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and Markets Authority (ESMA) on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Offering Circular.

FORM OF THE NOTES

Bearer Notes

Each Tranche of Bearer Notes will be in bearer form and will be initially issued in the form of a temporary global note (a Temporary Bearer Global Note) or, if so specified in the applicable Final Terms, a permanent global note (a Permanent Bearer Global Note and, together with a Temporary Bearer Global Note, each a Global Note) which, in either case, will be delivered on or prior to the original issue date of the Tranche to a common depository (the Common Depository) for, Euroclear Bank SA/NV (Euroclear) and Clearstream Banking S.A. (Clearstream, Luxembourg). Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made against presentation of the Temporary Bearer Global Note only to the extent that certification (in a format to be provided) to the effect that the beneficial owners of interests in the Temporary Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the Exchange Date) which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in a Permanent Bearer Global Note of the same Series or (ii) for definitive Bearer Notes of the same Series with, where applicable, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive definitive Bearer Notes. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Bearer Notes is improperly withheld or refused.

The option for an issue of Bearer Notes to be represented on issue by a Temporary Bearer Global Note exchangeable for definitive Bearer Notes should not be expressed to be applicable in the applicable Final Terms if the Bearer Notes are issued with a minimum Specified Denomination such as €100,000 (or its equivalent in another currency) plus one or more higher integral multiples of another smaller amount such as €1,000 (or its equivalent in another currency).

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg against presentation or surrender (as the case may be) of the Permanent Bearer Global Note without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Notes with, where applicable, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, Exchange Event means that (i) an Event of Default (as defined in Condition 10) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 4 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system satisfactory to the Trustee is available or (iii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) or the Trustee may give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

In the event that a global note is exchanged for definitive Notes, such definitive Notes shall be issued in Specified Denomination(s) only. Noteholders who hold Notes in the relevant clearing system in amounts that are not integral multiples of a Specified Denomination may need to purchase or sell, on or before the relevant Exchange Date, a principal amount of Notes such that their holding is an integral multiple of a Specified Denomination.

The following legend will appear on all Bearer Notes (other than Temporary Bearer Global Notes) and interest coupons relating to such Notes where TEFRA D is specified in the applicable Final Terms:
“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Notes

The Registered Notes of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a global note in registered form (a Registered Global Note) or, if so specified in the applicable Final Terms, definitive Notes in registered form. Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of Notes, beneficial interests in a Registered Global Note may not be offered or sold, or, for the account or benefit of, a U.S. person save as otherwise provided in Condition 2 and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Registered Global Note will bear a legend regarding such restrictions on transfer.

Registered Global Notes will be deposited with a common depositary for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Payments of principal, interest and any other amount in respect of a Registered Global Note will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in Condition 6.4) as the registered holder of the relevant Registered Global Note. None of the Issuer, the Trustee, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in a Registered Global Note or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of a Registered Note in definitive form (the Definitive Registered Notes) will, in the absence of provision to the contrary, be made to the person(s) shown on the Register on the relevant Record Date (as defined in Condition 6.4) immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without interest coupons or talons attached either (a) upon not less than 45 days’ written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Registered Global Note) to the Registrar as described therein) or (b) at any time at the request of the Issuer, in each case as specified in the applicable Final Terms.

General

Pursuant to the Agency Agreement (as defined under “Terms and Conditions of the Notes”), the Principal Paying Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and ISIN which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.
PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the EEA) or in the United Kingdom (the UK). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, MiFID II); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the Insurance Distribution Directive) where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the PRIIPs Regulation) for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

MiFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in [Directive 2014/65/EU (as amended, MiFID II)][MiFID II]; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [Consider any negative target market]. Any person subsequently offering, selling or recommending the Notes (a distributor) should take into consideration the manufacturer[s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[s'] target market assessment) and determining appropriate distribution channels.

2.2 Transfers of Registered Notes in definitive form
Subject as provided in Condition 2.5 below, upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Note in definitive form may be transferred in whole or in part (in the authorised denominations set out in the applicable Final Terms). In order to effect any such transfer (a) the holder or holders must (i) surrender the Registered Note for registration of the transfer of the Registered Note (or the relevant part of the Registered Note) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their attorney or attorneys duly authorised in writing and (ii) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent and (b) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request. Any such transfer will be subject to such reasonable regulations as the Issuer and the Registrar may from time to time prescribe (the initial such regulations being set out in Schedule 3 to the Agency Agreement). Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail, to such address as the transferee may request, a new Registered Note in definitive form of a like aggregate nominal amount to the Registered Note (or the relevant part of the Registered Note) transferred. In the case of the transfer of part only of a Registered Note in definitive form, a new Registered Note in definitive form in respect of the balance of the Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

2.3 Registration of transfer upon partial redemption
In the event of a partial redemption of Notes under Condition 7, the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

2.4 Costs of registration
Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

2.5 Exchanges and transfers of Registered Notes generally
Holders of Registered Notes in definitive form may exchange such Notes for interests in a Registered Global Note of the same type at any time.

2.6 Closed Periods
No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days ending on the date for redemption of that Note, (ii) during the period of 15 days prior to any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 7.3, (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date.

3. STATUS OF THE NOTES
The Notes and the relative Coupons constitute (subject to the provisions of Condition 4) unsecured and unsubordinated obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Notes and the Coupons relating to them shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4, at all times rank at least equally with all other unsecured and unsubordinated obligations in respect of borrowed money of the Issuer, present and future.

4. **NEGATIVE PLEDGE**

So long as any of the Notes or Coupons remains outstanding (as defined in the Trust Deed) the Issuer will not, and will procure that none of its Subsidiaries will, create or permit to subsist any mortgage, lien, pledge or other charge upon, or with respect to, any of its present or future assets or revenues to secure any Relevant Indebtedness existing on or after the Issue Date of any person, unless the Issuer shall, simultaneously with, or prior to, the creation of any such charge take any and all action necessary to procure that all amounts payable by it under the Notes, the Coupons and the Trust Deed are secured equally and rateably by such charge to the satisfaction of the Trustee or such other security or other arrangement is provided either as the Trustee shall in its absolute discretion deem not materially less beneficial to the interests of the Noteholders or as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

For the purposes of these Conditions:

(a) **Relevant Indebtedness** means any indebtedness which is in the form of or represented by any bonds, notes or other securities initially offered by or on behalf of the issuer thereof primarily to persons resident outside any country in the currency of which they are denominated or payable (whether compulsorily or at the option of the holder) and for the time being quoted, listed or dealt in on any stock exchange, or any guarantee of, or indemnity in respect of any such indebtedness. Where any bonds, notes or other securities are agreed to be issued to any person (whether resident) with a view to being offered primarily to persons resident outside any country in the currency of which they are denominated or payable, they shall be deemed to have been so offered by or on behalf of the issuer thereof; and

(b) **Subsidiary** means a subsidiary within the meaning of section 1159 of the Companies Act 2006.

5. **INTEREST**

5.1 **Interest on Fixed Rate Notes**

Each Fixed Rate Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, **Fixed Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

(A) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or

(B) in the case of Fixed Rate Notes in definitive form, the Calculation Amount,

and in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form comprises a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and that multiple without any
further rounding.

**Day Count Fraction** means, in respect of the calculation of an amount of interest, in accordance with this Condition 5.1:

(a) if “Actual/Actual (ICMA)” is specified in the applicable Final Terms:

   (i) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the **Accrual Period**) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (A) the number of days in such Determination Period and (B) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

   (ii) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:

      (A) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (X) the number of days in such Determination Period and (Y) the number of Determination Dates that would occur in one calendar year; and

      (B) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (X) the number of days in such Determination Period and (Y) the number of Determination Dates that would occur in one calendar year; and

(b) if “30/360” is specified in the applicable Final Terms, the number of days in the period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360.

In these Conditions:

**Determination Period** means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

**sub-unit** means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, one cent.

### 5.2 Interest on Floating Rate Notes

(a) **Interest Payment Dates**

Each Floating Rate Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

(i) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or

(ii) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an **Interest Payment Date**) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these Terms and Conditions, **Interest Period** means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day on the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

(A) in any case where Specified Periods are specified in accordance with Condition 5.2(a)(ii) above,
the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be
the last day that is a Business Day in the relevant month and the provisions of II below shall
apply mutatis mutandis or (ii) in the case of (y) above, shall be postponed to the next day which
is a Business Day unless it would thereby fall into the next calendar month, in which event (A)
such Interest Payment Date shall be brought forward to the immediately preceding Business
Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month
which falls the Specified Period after the preceding applicable Interest Payment Date occurred;
or

(B) the Following Business Day Convention, such Interest Payment Date shall be postponed to
the next day which is a Business Day; or

(C) the Modified Following Business Day Convention, such Interest Payment Date shall be
postponed to the next day which is a Business Day unless it would thereby fall into the next
calendar month, in which event such Interest Payment Date shall be brought forward to the
immediately preceding Business Day; or

(D) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward
to the immediately preceding Business Day.

In these Conditions, Business Day means a day which is both:

I. a day on which commercial banks and foreign exchange markets settle payments and are open
   for general business (including dealing in foreign exchange and foreign currency deposits) in
   any Additional Business Centre specified in the applicable Final Terms; and

II. either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which
    commercial banks and foreign exchange markets settle payments and are open for general
    business (including dealing in foreign exchange and foreign currency deposits) in the principal
    financial centre of the country of the relevant Specified Currency (which if the Specified
    Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland,
    respectively) or (2) in relation to any sum payable in euro, a day on which the Trans-European
    Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the TARGET2
    System) is open.

(b) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in
the manner specified in the applicable Final Terms.

(i) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the applicable Final Terms as the manner in which
the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the
relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if
any). For the purposes of this subparagraph (i), ISDA Rate for an Interest Period means a rate
equal to the Floating Rate that would be determined by the Principal Paying Agent under an
interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent
for that swap transaction under the terms of an agreement incorporating the 2006 ISDA
Definitions, as published by the International Swaps and Derivatives Association, Inc. and as
amended and updated as at the Issue Date of the first Tranche of the Notes (the ISDA
Definitions) and under which:

(A) the Floating Rate Option is as specified in the applicable Final Terms;
(B) the Designated Maturity is a period specified in the applicable Final Terms; and
(C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this subparagraph (i), and the applicable Final Terms Floating Rate,
Calculation Agent, Floating Rate Option, Designated Maturity and Reset Date have the
meanings given to those terms in the ISDA Definitions.

(ii) Screen Rate Determination for Floating Rate Notes

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in
which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will,
subject as provided below, be either:

(A) the offered quotation; or

(B) the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (or any successor or replacement rate) which appears or appear, as the case may be, on the Relevant Screen Page (or any successor or replacement page) as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Principal Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page (or any successor or replacement page), the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

Reference Rate shall mean (i) LIBOR or (ii) EURIBOR, in each case for the Specified Currency and the relevant period, as specified in the applicable Final Terms.

The Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (A) above, no such offered quotation appears or, in the case of (B) above, fewer than three such offered quotations appear, in each case as at the time specified in the preceding paragraph.

(c) Minimum Rate of Interest and/or Maximum Rate of Interest

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (b) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(d) Determination of Rate of Interest and calculation of Interest Amounts

The Principal Paying Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Principal Paying Agent will calculate the amount of interest (the Interest Amount) payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to:

(A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or

(B) in the case of Floating Rate Notes in definitive form, the Calculation Amount, and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Floating Rate Note in definitive form comprises a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and that multiple without any further rounding.

Day Count Fraction means, in respect of the calculation of an amount of interest in accordance with this Condition 5.2:

(i) if “Actual/Actual (ISDA)” or “Actual/Actual” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (I) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (II) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
(ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

(iii) if “Actual/365 (Sterling)” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;

(iv) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;

(v) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}
\]

where:

- \(Y_1\) is the year, expressed as a number, in which the first day of the Interest Period falls;
- \(Y_2\) is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;
- \(M_1\) is the calendar month, expressed as a number, in which the first day of the Interest Period falls;
- \(M_2\) is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;
- \(D_1\) is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case \(D_1\) will be 30; and
- \(D_2\) is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and \(D_1\) is greater than 29, in which case \(D_2\) will be 30;

(vi) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}
\]

where:

- \(Y_1\) is the year, expressed as a number, in which the first day of the Interest Period falls;
- \(Y_2\) is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;
- \(M_1\) is the calendar month, expressed as a number, in which the first day of the Interest Period falls;
- \(M_2\) is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;
- \(D_1\) is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case \(D_1\) will be 30; and
- \(D_2\) is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case \(D_2\) will be 30;

(vii) if “30E/360 (ISDA)” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

\[
\text{Day Count Fraction} = \frac{360 \times (Y_2 - Y_1) + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}
\]

where:

- \(Y_1\) is the year, expressed as a number, in which the first day of the Interest Period falls;
- \(Y_2\) is the year, expressed as a number, in which the day immediately following the last day of
the Interest Period falls;

\( M_1 \) is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

\( M_2 \) is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

\( D_1 \) is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case \( D_1 \) will be 30; and

\( D_2 \) is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31 and in which case \( D_2 \) will be 30.

(e) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period, provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(f) Notification of Rate of Interest and Interest Amounts

The Principal Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified promptly to the Issuer, the Trustee and any stock exchange on which the relevant Floating Rate Notes are for the time being listed (and in any event no later than the first day of the relevant Interest Period) and notice thereof to be published in accordance with Condition 14 as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without prior notice in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 14. For the purposes of this paragraph, the expression London Business Day means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(g) Determination or Calculation by Trustee

If for any reason at any relevant time the Principal Paying Agent defaults in its obligation to determine the Rate of Interest or the Principal Paying Agent defaults in its obligation to calculate any Interest Amount in accordance with Condition 5.2(a) or Condition 5.2(b) above, as the case may be, and in each case in accordance with Condition 5.2(d) above, the Trustee (or a person appointed by it for the purpose) shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the foregoing provisions of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all the circumstances or, as the case may be, the Trustee shall calculate the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Principal Paying Agent. In making any such determination or calculation, the Trustee (at the expense of the Issuer) may appoint and rely on a determination or calculation by a calculation agent (which shall be an investment bank or other suitable entity of international repute). The Trustee shall have no liability to any person in connection with any determination or calculation it is required to make pursuant to this Condition.

(h) Certificates to be final

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5.2, whether by the
Principal Paying Agent or, if applicable, the Trustee, (or any agent appointed by the Trustee) shall (in the absence of wilful default, bad faith or manifest error or proven error) be binding on the Issuer, the Principal Paying Agent, the other Agents and all Noteholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Principal Paying Agent or the Trustee (or any agent appointed by the Trustee) in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

5.3 Accrual of interest

Each Note (or in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue as well after as before judgement as provided in the Trust Deed at the Rate of Interest for the Relevant Date (as defined in Condition 8).

5.4 Adjustment of Rate of Interest for Fixed Rate Notes and Floating Rate Notes

If a Step Up Rating Change and/or Step Down Rating Change is specified in the applicable Final Terms, the following terms relating to the Rate of Interest for the Notes shall apply:

(i) The Rate of Interest payable on the Notes will be subject to adjustment from time to time in the event of a Step Up Rating Change or a Step Down Rating Change, as the case may be.

(ii) Subject to paragraphs (iv) and (vii) below, from and including the first Interest Payment Date following the date of a Step Up Rating Change, if any, the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) payable on the Notes shall be increased by the Step Up Margin specified in the applicable Final Terms.

(iii) Subject to paragraphs (iv) and (vii) below, in the event of a Step Down Rating Change following a Step Up Rating Change, with effect from and including the first Interest Payment Date following the date of such Step Down Rating Change, the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) payable on the Notes shall be decreased by the Step Up Margin back to the initial Rate of Interest (in the case of Fixed Rate Notes) or the initial Margin (in the case of Floating Rate Notes).

(iv) If a Step Up Rating Change and, subsequently, a Step Down Rating Change occur during the same Fixed Interest Period (in the case of Fixed Rate Notes) or the same Interest Period (in the case of Floating Rate Notes), the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) on the Notes shall be neither increased nor decreased as a result of either such event.

(v) The Issuer shall use all reasonable efforts to maintain credit ratings for its senior unsecured long-term debt from both Rating Agencies. If, notwithstanding such reasonable efforts, either Rating Agency fails to or ceases to assign a credit rating to the Issuer’s senior unsecured long-term debt, the Issuer shall use all reasonable efforts to obtain a credit rating of its senior unsecured long-term debt from a substitute rating agency that shall be a Statistical Rating Agency, and references in this Condition 5.4 to Moody’s or S&P, as the case may be, or the credit ratings thereof, shall be to such substitute rating agency or, as the case may be, the equivalent credit ratings thereof.

(vi) The Issuer will cause the occurrence of a Step Up Rating Change or a Step Down Rating Change giving rise to an adjustment to the Rate of Interest payable on the Notes pursuant to this Condition 5.4 to be notified to the Trustee and the Principal Paying Agent and notice thereof to be published in accordance with Condition 14 as soon as reasonably practicable after the occurrence of such Step Up Rating Change or Step Down Rating Change, but in no event later than the fifth London Business Day thereafter.

(vii) A Step Up Rating Change (if any) and a Step Down Rating Change (if any), may only occur once each during the term of the Notes and shall give rise to an adjustment to the Rate of Interest payable on the Notes.

(viii) If the rating designations employed by Moody’s or S&P are changed from those which are described in this Condition 5.4, or if a rating is procured from a Statistical Rating Agency, the Issuer shall determine, with the agreement of the Trustee (not to be unreasonably withheld or delayed) the rating designations of Moody’s or S&P or such Statistical Rating Agency as are
most equivalent to the prior rating designations of Moody’s or S&P or such Statistical Rating Agency, as the case may be.

Where:

**Moody’s** means Moody’s Investors Service Ltd., or its successor, established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended);

**Rating Agency** means either Moody’s or S&P and **Rating Agencies** means both of them;

**S&P** means Standard and Poor’s Credit Market Services Europe Limited, or its successor, established in the European Union and registered under Regulation (EC) No. 1060/2009 (as amended);

**Statistical Rating Agency** means Fitch Ratings Ltd. or its successor or such other rating agency as may be proposed by the Issuer and approved by the Trustee, such approval not to be unreasonably withheld or delayed;

**Step Down Rating Change** means the first public announcement by both Rating Agencies, after a Step Up Rating Change, that the credit rating of the Issuer’s senior unsecured long-term debt is at least Baa3 in the case of Moody’s and is at least BBB- in the case of S&P. For the avoidance of doubt, any further increase in the credit rating of the Issuer’s senior unsecured long-term debt above Baa3 in the case of Moody’s or above BBB- in the case of S&P shall not constitute a Step Down Rating Change; and

**Step Up Rating Change** means the first public announcement by either Rating Agency or both Rating Agencies of a decrease in the credit rating of the Issuer’s senior unsecured long-term debt to below Baa3 in the case of Moody’s or below BBB- in the case of S&P. For the avoidance of doubt, any further decrease in the credit rating of the Issuer’s senior unsecured long-term debt from below Baa3 in the case of Moody’s or from below BBB- in the case of S&P shall not constitute a Step Up Rating Change.

6. **PAYMENTS**

6.1 **Method of payment**

Subject as provided below:

(a) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency (which, in the case of a payment in Japanese yen to a non-resident of Japan, shall be a non-resident account) maintained by the payee with a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively); and

(b) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 8) any law implementing an intergovernmental approach thereto.

6.2 **Presentation of definitive Bearer Notes and Coupons**

Payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in Condition 6.1 above only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia and its possessions)).

Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the sum
due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined in Condition 8) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 9) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter.

Upon any Fixed Rate Note in definitive bearer form becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the date on which any Floating Rate Note or Long Maturity Note in definitive bearer form becomes due and repayable, unmatured Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A Long Maturity Note is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

6.3 Payments in respect of Bearer Global Notes

Payments of principal and interest (if any) in respect of Notes represented by any Global Note in bearer form will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of the Principal Paying Agent. A record of each payment made against presentation or surrender of any Global Note in bearer form distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by the Principal Paying Agent and such record shall be prima facie evidence that the payment in question has been made.

6.4 Payments in respect of Registered Notes

Payments of principal in respect of each Registered Note (whether or not in global form) will be made against presentation and surrender of the Registered Note at the specified office of the Registrar or any of the Paying Agents. Such payments will be made by transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Note appearing in the register of holders of the Registered Notes maintained by the Registrar (the Register) (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the third business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. For these purposes, Designated Account means the account (which, in the case of a payment in Japanese Yen to a non-resident of Japan, shall be a non-resident account) maintained by a holder with a Designated Bank and identified as such in the Register and Designated Bank means (in the case of payment in a Specified Currency other than euro) a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively) and (in the case of a payment in euro) any bank which processes payments in euro.

Payments of interest in respect of each Registered Note will be made by transfer on the due date to the Designated Account of the holder (or the first named of joint holders) of the Registered Note appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a business day) before the relevant due date (the Record Date).

Payment of the interest due in respect of each Registered Note on redemption will be made in the same manner as payment of the nominal amount of such Registered Note as set out in the first sentence of Condition 6.4 above.

43
No commissions or expenses shall be charged to the holders by the Registrar in respect of any payments of principal or interest in respect of Registered Notes.

None of the Issuer or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

6.5 General provisions applicable to payments

The holder of a Global Note shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the beneficial holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such Global Note.

Notwithstanding the foregoing provisions of this Condition, if any amount of principal and/or interest in respect of Bearer Notes is payable in U.S. dollars, such U.S. dollar payments of principal and/or interest in respect of such Notes will be made at the specified office of a Paying Agent in the United States if:

(a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Bearer Notes in the manner provided above when due;

(b) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

(c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

6.6 Payment Day

If the date for payment of any amount in respect of any Note or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes, Payment Day means any day which (subject to Condition 9) is:

(a) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
   (i) in the case of Notes in definitive form only, the relevant place of presentation; and
   (ii) any Additional Financial Centre specified in the applicable Final Terms; and

(b) either (i) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (ii) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

6.7 Interpretation of principal and interest

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

(a) any additional amounts which may be payable with respect to principal under Condition 8;
(b) the Final Redemption Amount of the Notes;
(c) the Early Redemption Amount of the Notes;
(d) the Optional Redemption Amount(s) (if any) of the Notes;
(e) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in Condition 7.6);
and

(f) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 8.

6.8 Payments subject to laws

All payments are subject in all cases to any applicable laws, regulations and directives in the place of payment, but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

7. Redemption and purchase

7.1 Redemption at maturity

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

7.2 Redemption for tax reasons

Subject to Condition 7.6, the Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note), on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Trustee, the Principal Paying Agent and, in accordance with Condition 14, the Noteholders (which notice shall be irrevocable), if the Issuer delivers to the Trustee a certificate signed by two Directors of the Issuer stating that:

(a) on the occasion of the next payment due under the Notes the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in or amendment to, the laws or regulations of a Tax Jurisdiction (as defined in Condition 8) or any change in the application or interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes; and

(b) such obligation or treatment, as the case may be, cannot be avoided by the Issuer taking reasonable measures available to it,

PROVIDED THAT no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts or give effect to such treatment, as the case may be, were a payment in respect of the Notes then due.

The Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which case it shall be conclusive and binding on the Noteholders and the Couponholders.

Notes redeemed pursuant to this Condition 7.2 will be redeemed at their Early Redemption Amount referred to in Condition 7.6 below together (if appropriate) with interest accrued to (but excluding) the date of redemption.

7.3 Redemption at the option of the Issuer (Issuer Call)

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Trustee, the Principal Paying Agent (and, in the case of a redemption of Registered Notes, the Registrar), the competent authority or stock exchange on which the Notes are listed, if any (if required by such competent authority or stock exchange) and, in accordance with Condition 14, the Noteholders (which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) as specified in the applicable Final Terms and at the Optional Redemption Amount(s) together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Upon expiry of such notice the Issuer shall be bound to redeem the Notes accordingly. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms. The Optional Redemption
Amount will either be the specified percentage of the nominal amount of the Notes stated in the applicable Final Terms or, if either Spens Amount or Make Whole Redemption Amount is specified in the applicable Final Terms, will be:

(a) if Spens Amount is specified as being applicable in the applicable Final Terms, the higher of (i) 100 per cent. of the nominal amount outstanding of the Notes to be redeemed and (ii) the nominal amount outstanding of the Notes to be redeemed multiplied by the price expressed as a percentage (rounded up to four decimal places), as reported to the Issuer and the Trustee by the Determination Agent, at which the Gross Redemption Yield (assuming for this purpose that the Notes are to be redeemed at, unless otherwise so specified in the applicable Final Terms, the Final Redemption Amount on the Maturity Date) on such Notes on the Reference Date is equal to the Gross Redemption Yield (determined by reference to the middle market price) at the Quotation Time on the Reference Date of the Reference Bond, plus the Redemption Margin; or

(b) if Make Whole Redemption Amount is specified as applicable in the applicable Final Terms, the higher of (i) 100 per cent. of the nominal amount outstanding of the Notes to be redeemed and (ii) the sum of the present values expressed as a percentage (rounded up to four decimal places) of the nominal amount outstanding of the Notes to be redeemed and of each payment of Remaining Term Interest on such Notes (exclusive of interest accrued to the date on which such Notes are to be redeemed by the Issuer pursuant to this Condition 7.3) and such present values shall be calculated by discounting such amounts to such date of redemption on an annual basis (assuming a 360-day year consisting of twelve 30-day months or, in the case of an incomplete month, the number of days elapsed) at the Reference Bond Rate, plus the Redemption Margin, all as determined by the Determination Agent.

In this Condition:

DA Selected Bond means a government security or securities selected by the Determination Agent as having an actual or interpolated maturity comparable with the remaining term of the Notes, that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the Specified Currency and of a comparable maturity to the remaining term of the Notes;

Determination Agent means an investment bank or financial institution of international standing selected by the Issuer after consultation with the Trustee;

Gross Redemption Yield means, with respect to a security, the gross redemption yield on such security, expressed as a percentage and calculated by the Determination Agent on the basis set out by the United Kingdom Debt Management Office in the paper "Formulae for Calculating Gilt Prices from Yields", page 5, Section One: Price/Yield Formulae "Conventional Gilts"; "Double dated and Undated Gilts with Assumed (or Actual) Redemption on a Quasi-Coupon Date" (published 8 June 1998, as amended or updated from time to time) on a semi-annual compounding basis (converted to an annualised yield and rounded up (if necessary) to four decimal places) or on such other basis as the Trustee may (in its absolute discretion) approve;

Quotation Time shall be as set out in the applicable Final Terms;

Redemption Margin shall be as set out in the applicable Final Terms;

Reference Bond shall be as set out in the applicable Final Terms or the DA Selected Bond;

Reference Bond Price means, with respect to any Reference Date, (a) the arithmetic average of the Reference Government Bond Dealer Quotations for such Reference Date, after excluding the highest and lowest such Reference Government Bond Dealer Quotations, or (b) if the Determination Agent obtains fewer than four such Reference Government Bond Dealer Quotations, the arithmetic average of all such quotations;

Reference Bond Rate means, with respect to any Reference Date, the rate per annum equal to the annual or semi-annual yield (as the case may be) to maturity or interpolated yield to maturity (on the relevant day count basis) of the Reference Bond, assuming a price for the Reference Bond (expressed as a percentage of its nominal amount) equal to the Reference Bond Price for such Reference Date;

Reference Date shall be as set out in the applicable Final Terms or as set out in the relevant notice of redemption;
Reference Government Bond Dealer means each of five banks selected by the Issuer, or their affiliates, which are (A) primary government securities dealers, and their respective successors, or (B) market makers in pricing corporate bond issues;

Reference Government Bond Dealer Quotations means, with respect to each Reference Government Bond Dealer and any date of redemption, the arithmetic average, as determined by the Determination Agent, of the bid and offered prices for the Reference Bond (expressed in each case as a percentage of its nominal amount) at the Quotation Time on the Reference Date quoted in writing to the Determination Agent by such Reference Government Bond Dealer; and

Remaining Term Interest means, in respect of Notes to be redeemed by the Issuer pursuant to this Condition 7.3, each scheduled payment of interest on such Notes for the remaining term of such Notes determined on the basis of the rate of interest applicable to such Notes from and including the date on which such Notes are to be redeemed by the Issuer pursuant to this Condition 7.3.

In the case of a partial redemption of Notes, the Notes to be redeemed (Redeemed Notes) will (i) in the case of Redeemed Notes represented by definitive Notes, be selected individually by lot, not more than 10 days prior to the date fixed for redemption and (ii) in the case of Redeemed Notes represented by a Global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 10 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that, such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination and the aggregate nominal amount of Redeemed Notes represented by a Global Note shall be equal to the balance of the Redeemed Notes.

7.4 Redemption at par at the option of the Issuer (Issuer Par Call)

If Issuer Par Call is specified as being applicable in the applicable Final Terms, the Issuer may, having given not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Trustee, the Principal Paying Agent (and, in the case of Registered Notes, the Registrar) and the Noteholders in accordance with Condition 14 (which notice shall be irrevocable and shall specify the date fixed for redemption), redeem all or some of the Notes then outstanding at their nominal amount together with interest accrued to (but excluding) the date fixed for redemption at any time during the period starting on (and including) the Issuer Par Call Date specified in the applicable Final Terms and ending on (but excluding) the Maturity Date. Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount and not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms.

In the case of a partial redemption of Notes, the Notes to be redeemed (Redeemed Notes) will (i) in the case of Redeemed Notes represented by definitive Notes, be selected individually by lot, not more than 30 days prior to the date fixed for redemption and (ii) in the case of Redeemed Notes represented by a Global Note, be selected in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with Condition 14 not less than 10 days prior to the date fixed for redemption.

7.5 Redemption at the option of the Noteholders

(a) General Investor Put

If General Investor Put is specified as being applicable in the applicable Final Terms, upon the holder of this Note giving to the Issuer, in accordance with Condition 14, not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms, the Issuer will, upon the expiry of such notice, redeem such Note on the Optional Redemption Date and at the Optional Redemption Amount together, if applicable, with interest
accrued to (but excluding) the relevant Optional Redemption Date.

If this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must deliver such Note, on any Business Day (as defined in Condition 5) falling within the notice period at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a Put Notice) and in which the holder must specify a bank account to which payment is to be made under this Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2.2. If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, if this Note is represented by a Global Note, at the same time present or procure the presentation of the relevant Global Note to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) for notation accordingly.

Any Put Notice given by a holder of any Note pursuant to this Condition 7.5(a) shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and the Trustee has declared the Notes to be due and payable pursuant to Condition 10 in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 7.5(a).

(b) Change of Control Investor Put

If Change of Control Investor Put is specified as being applicable in the Final Terms the following provisions shall apply to the Notes:

(i) If at any time while any Note remains outstanding, a Restructuring Event occurs and within the Restructuring Period (i) (if at the time that Restructuring Event occurs there are Rated Securities), a Rating Downgrade in respect of that Restructuring Event occurs or (ii) (if at such time there are no Rated Securities), a Negative Rating Event in respect of that Restructuring Event occurs (in either case, a Put Event), the holder of each Note will have the option (unless, prior to the giving of the Put Event Notice referred to below, the Issuer gives notice under Condition 7.2 or Condition 7.3) to require the Issuer to redeem or, at the Issuer’s option, purchase (or procure the purchase of) each such Note on the Put Date (as defined below) at its nominal amount (the Optional Redemption Amount) together with (or, where purchased, together with an amount equal to) interest accrued to (but excluding) the Put Date.

(ii) Promptly upon, and in any event within 21 days after, the Issuer becoming aware that a Put Event has occurred, the Issuer shall, and at any time upon the Trustee becoming similarly so aware the Trustee may, and if so requested by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders, the Trustee shall (subject in each case to the Trustee being indemnified and/or secured to its satisfaction), give notice (a Put Event Notice) to the Noteholders in accordance with Condition 14 specifying the nature of the Put Event and the procedure for exercising the option contained in this Condition 7.5(b).

(iii) If this Note is in definitive form and held outside Euroclear and Clearstream Luxembourg, to exercise the option to require redemption of this Note under this Condition 7.5(b), the holder of this Note must deliver such Note, on any Payment Day (as defined in Condition 6.6) in the city of the specified office of the relevant Paying
Agent (in the case of Bearer Notes) or Registrar (in the case of Registered Notes) falling within the period (the *Put Period*) of 30 days after a Put Event Notice is given, at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes), accompanied by a duly signed and completed Put Notice (as defined in Condition 7.5(a)).

(iv) The Note (in the case of Bearer Notes) should be delivered together with all Coupons appertaining thereto maturing after the date seven days after the expiry of the Put Period (the *Put Date*) failing which either (i) in the case of Fixed Rate Notes (other than Long Maturity Notes), the Paying Agent will require payment of an amount equal to the face value of any such missing Coupon or (ii) in the case of Floating Rate Notes or Long Maturity Notes, any such missing coupon will be void. In the case of Fixed Rate Notes (other than Long Maturity Notes), any amount so paid will be reimbursed in the manner provided in Condition 6 against presentation and surrender of the relevant missing Coupon (or any replacement therefor issued pursuant to Condition 11) any time after such payment, but before the expiry of the period of five years from the date on which such Coupon would have become due, but not thereafter.

(v) The Paying Agent or Registrar (as the case may be) to which such Note and Put Notice are delivered will issue to the Noteholder concerned a non-transferable receipt in respect of the Note so delivered or, in the case of a Global Note or a Note in definitive form held through Euroclear or Clearstream, Luxembourg, notice so received. Payment in respect of any such Note so delivered will be made, if the holder duly specifies a bank account to which payment is to be made under this Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed and, if less than the full nominal amount of the Registered Notes so surrendered is to be redeemed, an address to which a new Registered Note in respect of the balance of such Registered Notes is to be sent subject to and in accordance with the provisions of Condition 2.2.

(vi) If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depository for them to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and, if this Note is represented by a Global Note, at the same time present or procure the presentation of the relevant Global Note to the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) for notation accordingly.

(vii) Any Put Notice given by a holder of any Note pursuant to this Condition 7.5(b) shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and the Trustee has declared the Notes to be due and payable pursuant to Condition 10 in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this Condition 7.5(b). The Issuer shall redeem or, at the option of the Issuer, purchase (or procure the purchase of) the relevant Notes on the Put Date unless previously redeemed or purchased.

If 80 per cent. or more in nominal amount of the Notes then outstanding have been redeemed or purchased pursuant to the foregoing provisions of this Condition 7.5(b), the Issuer may, on not less than the minimum period nor more than the maximum period of notice specified in the applicable Final Terms to the Noteholders given within 30 days after the Put Date, redeem, at its option, the remaining Notes as a whole at the Optional Redemption Amount plus interest accrued to but excluding the date of such redemption.

(viii) For the purpose of this Condition:

A *Negative Rating Event* shall be deemed to have occurred if (i) the Issuer does not, either prior to or not later than 21 days after the relevant Restructuring Event, seek and
thereupon use all reasonable endeavours to obtain, a rating of the Notes or any other unsecured and unsubordinated debt of the Issuer (or any Subsidiary of the Issuer which is guaranteed on an unsecured and unsubordinated basis by the Issuer) having an initial maturity of five years or more (Rateable Debt) from a Rating Agency or (ii) if it does so seek and use such endeavours, it is unable, as a result of such Restructuring Event to obtain such a rating of at least investment grade BBB- (in the case of Standard and Poor’s Rating Services, a division of The McGraw-Hill Companies, Inc. (S&P)), Baa3 (in the case of Moody’s Investors Service, Inc. (Moody’s)) or BBB- (in the case of Fitch Ratings Ltd. (Fitch Ratings)), or their respective equivalents for the time being), provided that a Negative Rating Event shall not be deemed to have occurred in respect of a particular Restructuring Event if the Rating Agency declining to assign a rating of at least investment grade (as defined above) does not announce or publicly confirm or inform the Trustee in writing at its request that its declining to assign a rating of at least investment grade was the result, in whole or in part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Restructuring Event (whether or not the Restructuring Event shall have occurred at the time such investment grade rating is declined);

Rated Securities means the Notes so long as they shall have an effective rating from any Rating Agency and otherwise any unsecured and unsubordinated debt of the Issuer having an initial maturity of five years or more which is rated by one of the Rating Agencies;

Rating Agency means S&P and its successors or affiliates or Moody’s and its successors or affiliates or Fitch Ratings and its successors or affiliates or any other rating agency of equivalent standing specified by the Issuer from time to time and agreed in writing by the Trustee;

A Rating Downgrade shall be deemed to have occurred in respect of a Restructuring Event if the current rating whether provided by a Rating Agency at the invitation of the Issuer or by its own volition assigned to the Rated Securities by any Rating Agency (i) is withdrawn and is not within the Restructuring Period replaced by a rating of another Rating Agency at least equivalent to that which was current immediately before the occurrence of the Restructuring Event or (ii) is reduced from an investment grade rating BBB- (in the case of S&P)/Baa3 (in the case of Moody’s)/BBB- (in the case of Fitch) (or their respective equivalents for the time being) or better to a non-investment grade rating BB+ (in the case of S&P)/Ba1 (in the case of Moody’s)/BB+ (in the case of Fitch) (or their respective equivalents for the time being) or worse; provided that a Rating Downgrade otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular Restructuring Event if the Rating Agency making the reduction in rating to which this definition would otherwise apply does not announce or publicly confirm or inform the Trustee in writing at its request that the reduction was the result, in whole or part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Restructuring Event (whether or not the applicable Restructuring Event shall have occurred at the time of the Rating Downgrade);

A Restructuring Event shall be deemed to have occurred at each time (whether or not approved by the Board of Directors of the Issuer) that any person or any persons acting in concert (as defined in the City Code on Takeovers and Mergers), other than a holding company (as defined in Section 1159 of the Companies Act 2006 as amended) whose shareholders are or are to be substantially similar to the pre-existing shareholders of the Issuer, or any person or persons acting on behalf of any such person(s), at any time is/are or become(s) interested (within the meaning of Part 22 of the Companies Act 2006) in (A) more than 50 per cent. of the issued or allotted ordinary share capital of the Issuer or (B) such number of shares in the capital of the Issuer carrying more than 50 per cent. of the voting rights normally exercisable at a general meeting of the Issuer; and

Restructuring Period means the period ending 90 days after the public announcement of the Restructuring Event having occurred (or such longer period in which the Rated Securities or Rateable Debt, as the case may be, is or are under consideration
(announced publicly within the first mentioned period) for rating review or, as the case may be, rating by a Rating Agency).

If the rating designations employed by any of S&P, Moody’s or Fitch Ratings are changed from those which are described in paragraph (ii) of the definition of “Negative Rating Event” above, or if a rating is procured from another Rating Agency, the Issuer shall determine, with the agreement of an independent financial advisor, selected by the Issuer and to whom the Trustee does not reasonably object, the rating designations of S&P, Moody’s, Fitch Ratings or such other Rating Agency (as appropriate) as one most equivalent to the prior rating designations of S&P, Moody’s or Fitch Ratings, and this Condition 7.5(b) shall be construed accordingly.

7.6 Early Redemption Amounts

For the purpose of Condition 7.2 and Condition 10.1:

(a) each Note (other than a Zero Coupon Note) will be redeemed at its Early Redemption Amount; and

(b) each Zero Coupon Note will be redeemed at an amount (the Amortised Face Amount) calculated in accordance with the following formula:

\[ \text{Early Redemption Amount} = RP \times (1 + AY)^y \]

where:

- \( RP \) means the Reference Price; and
- \( AY \) means the Accrued Yield expressed as a decimal; and
- \( y \) is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

7.7 Purchases

The Issuer or its Holding Company (as defined in the Trust Deed) or any of their respective Subsidiaries may (subject as provided above) at any time purchase Notes (provided that, in the case of definitive Bearer Notes, all unmatured Coupons and Talons appertaining thereto are purchased therewith) in the open market or otherwise in any manner or at any price. Such Notes may be held, reissued, resold or at the option of the Issuer or the relevant Holding Company or Subsidiary surrendered to the Principal Paying Agent for cancellation.

7.8 Cancellation

All Notes purchased by or on behalf of the Issuer, its Holding Company (as defined in the Trust Deed) or any of its Subsidiaries may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Principal Paying Agent and, in the case of Registered Notes, by surrendering the certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

7.9 Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note under Condition 7.1, 7.2, 7.3, 7.4 or 7.5 above or upon its becoming due and repayable as provided in
Condition 10 is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 7.6(b) as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

(a) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and

(b) five days after the date on which the full amount of the moneys payable in respect of such Zero Coupon Notes has been received by the Principal Paying Agent or the Registrar and notice to that effect has been given to the Noteholders in accordance with Condition 14.

8. TAXATION

All payments of principal and interest in respect of the Notes and Coupons by or on behalf of the Issuer will be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of any Tax Jurisdiction unless such withholding or deduction is required by law. In such event, the Issuer will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note or Coupon:

(a) presented for payment by or by a third party on behalf of a holder who (i) could avoid such withholding or deduction by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or other similar claim for exemption to any tax authority; or (ii) is liable for such taxes or duties in respect of such Note or Coupon by reason of his having some connection with a Tax Jurisdiction other than the mere holding of such Note or Coupon; or

(b) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in Condition 6.6) in the place of surrender.

In these Conditions:

(i) Tax Jurisdiction means the United Kingdom or any political subdivision or any authority thereof or therein having power to tax; and

(ii) the Relevant Date means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent, the Trustee or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with Condition 14.

9. PRESCRIPTION

The Notes (whether in bearer or registered form) and Coupons will become void unless presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) after the Relevant Date (as defined in Condition 8) thereof.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition or Condition 6.2 or any Talon which would be void pursuant to Condition 6.2.

10. EVENTS OF DEFAULT

10.1 Events of Default

The Trustee at its discretion may, and if so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall, (subject in each case to being indemnified to its satisfaction) give notice to the Issuer that the Notes are, and they shall accordingly forthwith become, immediately due and repayable at their nominal amount, together with accrued interest as provided in the Trust Deed, in any of the following events (each, an Event of Default):

(a) if default is made in the payment of any principal or interest due in respect of the Notes or any
of them and the default continues for a period of ten Business Days; or

(b) if the Issuer fails to perform or observe any of its other obligations under these Conditions or the Trust Deed and (except in any case where the Trustee considers the matter which is the subject of the obligation to be incapable of performance or observation when no continuation or notice as is hereinafter mentioned will be required) the failure continues for the period of 30 days (or such longer period as the Trustee may permit) next following the service by the Trustee on the Issuer (as the case may be) of notice requiring the same to be remedied; or

c) any Indebtedness for Borrowed Money (as defined below) of the Issuer amounting in aggregate to not less than £20,000,000 or its equivalent in other currencies becomes due and repayable prematurely by reason of an event of default (however described) or the Issuer fails to make payment in respect thereof on the due date for such payment as extended by any applicable grace period as originally provided or the security for any such Indebtedness For Borrowed Money becomes enforceable and steps are taken to enforce the same or if default is made by the Issuer in making any payment due under any guarantee and/or indemnity given by it in respect of any Indebtedness For Borrowed Money amounting in aggregate to not less than £20,000,000 or its equivalent in other currencies save in any such case to the extent that the Issuer certifies in a certificate signed by two of its Directors to the Trustee that there is a bona fide dispute as to whether payment or repayment is due; or

d) if an administrator is appointed or any order is made by a competent court or resolution passed for winding up, or an administration order is made in relation to, the Issuer or if the Issuer stops payment of its obligations generally or ceases to carry on its business or substantially all thereof except that a winding up or a stopping of payment or cessation of business for the purpose of a reconstruction, union, transfer, merger or amalgamation of the Issuer the terms of which have previously been approved in writing by the Trustee, shall not constitute an Event of Default; or

e) if an encumbrancer takes possession or an administrative or other receiver is appointed over the whole or any material part of the assets of the Issuer or if a distress or execution is levied or enforced upon or sued out against any material part of the assets of the Issuer and is not removed, discharged or paid out within 60 days; or

(f) if the Issuer is unable to pay its debts within the meaning of section 123(2) of the Insolvency Act of Great Britain or makes a general assignment for the benefit of its creditors;

PROVIDED THAT, in the case of any such event other than those described in subparagraph (a) above, the Trustee shall have certified to the Issuer that the such event is, in its opinion, materially prejudicial to the interests of the Noteholders.

For the purposes of this Condition Indebtedness for Borrowed Money means (a) borrowed money; and (b) liabilities under any bond, note, bill, debenture, loan stock or other security issued in respect of acceptance credit facilities or as consideration for assets or services, but excluding such liabilities incurred in relation to the acquisition of goods or services in the ordinary course of trading.

10.2 Enforcement

(a) The Trustee may at any time, at its discretion and without notice, take such proceedings against the Issuer as it may think fit to enforce the provisions of the Trust Deed, the Notes and the Coupons, but it shall not be bound to take any such proceedings or any other action in relation to the Trust Deed, the Notes or the Coupons unless (a) it shall have been so directed by an Extraordinary Resolution of the Noteholders or so requested in writing by the holders of at least one-quarter in nominal amount of the Notes then outstanding and (b) it shall have been indemnified and/or secured to its satisfaction.

(b) No Noteholder shall be entitled to institute proceedings directly against the Issuer or prove in the winding-up of the Issuer unless the Trustee, having become bound to do so, fails to do so within a reasonable period and such failure is continuing.

11. REPLACEMENT OF NOTES, COUPONS AND TALONS

Should any Note, Coupon or Talon be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (in the case of Bearer Notes or Coupons) or the Registrar (in the case of Registered Notes) upon payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.
12. **AGENTS**

The initial Agents are set out above. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms. The Issuer is entitled, with the prior written approval of the Trustee, to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that:

(a) there will at all times be a Principal Paying Agent, a Paying Agent, a Transfer Agent and a Registrar;

(b) so long as the Notes are listed on any stock exchange or admitted to listing by any other relevant authority, there will at all times be a Paying Agent (in the case of Bearer Notes) and a Transfer Agent (in the case of Registered Notes) with a specified office in such place as may be required by the rules and regulations of the relevant stock exchange (or any other relevant authority)

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in Condition 6.5. Notice of any variation, termination, appointment or change in Paying Agents will be given to the Noteholders promptly by the Issuer in accordance with Condition 14.

In acting under the Agency Agreement, the Agents act solely as agents of the Issuer and, in certain circumstances specified therein, of the Trustee and do not assume any obligation to, or relationship of agency or trust with, any Noteholders or Couponholders. The Agency Agreement contains provisions permitting any entity into which any Agent is merged or converted or with which it is consolidated or to which it transfers all or substantially all of its assets to become the successor agent.

13. **EXCHANGE OF TALONS**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 9.

14. **NOTICES**

All notices regarding the Bearer Notes will be valid if published in a leading English language daily newspaper published in London or such other English language daily newspaper with general circulation in Europe as the Trustee may approve. It is expected that publication will normally be made in the Financial Times. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or relevant authority on which the Notes are listed or by which they have been admitted to listing. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers. If publication as provided above is not practicable, notice will be given in such other manner, and shall be deemed to have been given on such date, as the Trustee may approve. Couponholders will be deemed for all purposes to have notice of the contents of any notice given to the Noteholders in accordance with this Condition.

All notices regarding the Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Notes are listed by or on a competent authority or stock exchange and the rules of that competent authority or stock exchange so require, such notice will be published in a daily newspaper of general circulation in the places or places required by that competent authority or stock exchange.

Until such time as any definitive Notes are issued, there may, so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication in such newspaper(s) the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed on a stock exchange and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in a daily newspaper of general circulation in the place or places required by those rules. Any such notice shall be deemed to have been given to the
holders of the Notes on such day as is specified in the applicable Final Terms after the day on which the
said notice was given to Euroclear and/or Clearstream, Luxembourg.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together with
the relative Note or Notes, with the Principal Paying Agent (in the case of Bearer Notes) or the Registrar
(in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice
may be given by any holder of a Note to the Principal Paying Agent or the Registrar through Euroclear
and/or Clearstream, Luxembourg, as the case may be, in such manner as the Principal Paying Agent, the
Registrar and Euroclear and Clearstream, Luxembourg, as the case may be, may approve for this purpose.

15. MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION

The Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter
affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the
Notes, the Coupons or any of the provisions of the Trust Deed. Such a meeting may be convened by the
Issuer or the Trustee and shall be convened by the Issuer if required in writing by Noteholders holding
not less than 10 per cent. in nominal amount of the Notes for the time being remaining outstanding. The
quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or
representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any
adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount
of the Notes so held or represented, except that at any meeting the business of which includes the
modification of certain provisions of the Notes or the Coupons (including but not limited to (i) modifying
the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of principal
or interest or Interest Amount thereon, (ii) reducing or cancelling the nominal amount of, or any
premium payable on redemption of, the Notes, (iii) reducing the rate or rates of interest payable in
respect of the Notes or varying the method or basis of calculating the rate or rates or amount of interest
or the basis for calculating any Interest Amount in respect of the Notes, (iv) altering the currency of
payment or denomination of the Notes or the Coupons, (v) if a Minimum and/or a Maximum Rate of
Interest or Redemption Amount is shown hereon, reducing any such Minimum and/or Maximum, (vi)
varying any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption
Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face
Amount, or (vii) modifying the provisions concerning the quorum required at any meeting of Noteholders
or the majority required to pass the Extraordinary Resolution), the quorum shall be one or more persons
holding or representing not less than two-thirds in nominal amount of the Notes for the time being
outstanding, or at any adjourned such meeting one or more persons holding or representing not less than
one-third in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution
passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are
present at the meeting, and on all Couponholders.

The Trust Deed provides for a resolution, with or without notice, in writing signed by or on behalf of the
holder or holders of not less than 75 per cent. of the nominal amount of the Notes for the time being
outstanding to be as effective and binding as if it were an Extraordinary Resolution duly passed at a
meeting of the Noteholders.

The Trust Deed provides that a resolution which in the opinion of the Trustee affects the Notes of more
than one series but does not give rise to a conflict of interest between the holders of Notes of any of the
series so affected shall be deemed to have been duly passed if passed at a single meeting of the holders
of the Notes of all the Series so affected.

The Trustee may agree, without the consent of the Noteholders or Couponholders, to any modification
of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the
Notes or the Trust Deed, or determine, without any such consent as aforesaid, that any Event of Default
or potential Event of Default shall not be treated as such, where, in any such case, it is not, in the opinion
of the Trustee, materially prejudicial to the interests of the Noteholders so to do or may agree, without
any such consent as aforesaid, to any modification which is of a formal, minor or technical nature or to
correct a manifest error or an error which is, in the opinion of the Trustee, proven. Any such modification
shall be binding on the Noteholders and the Couponholders and any such modification shall be notified
to the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including,
without limitation, any modification, waiver, authorisation or determination), the Trustee shall have
good to the general interests of the Noteholders as a class (but shall not have regard to any interests
arising from circumstances particular to individual Noteholders or Couponholders whatever their
number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Noteholders or Couponholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in Condition 8 and/or any undertaking or covenant given in addition to, or in substitution for, Condition 8 pursuant to the Trust Deed.

The Trustee may, without the consent of the Noteholders, agree with the Issuer to the substitution in place of the Issuer (or of any previous substitute under this Condition) as the principal debtor under the Notes, Coupons and the Trust Deed of another company, subject to (a) the Trustee being satisfied that the interests of the Noteholders will not be materially prejudiced by the substitution and (b) certain other conditions set out in the Trust Deed being complied with. In the case of such a substitution the Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Coupons, the Talons and/or the Trust Deed provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders.

16. **INDEMNIFICATION OF THE TRUSTEE AND TRUSTEE CONTRACTING WITH THE ISSUER AND TRUSTEE’S RETIREMENT AND REMOVAL**

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking action unless indemnified and/or secured to its satisfaction.

The Trust Deed also contains provisions pursuant to which the Trustee is entitled, inter alia, (a) to enter into business transactions with the Issuer and/or any of its Subsidiaries and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any of its Subsidiaries, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders or Couponholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

The Trust Deed contains provisions allowing the Trustee to retire at any time on giving not less than 60 days’ prior written notice to the Issuer without giving any reason and without being responsible for any Expenses (as defined in the Trust Deed) incurred by such retirement. The Noteholders may by Extraordinary Resolution remove any trustee or trustees for the time being of the Notes. The Trust Deed provides that the retirement or removal of any such Trustee shall not become effective until a successor trustee (being a trust corporation) is appointed. The Trust Deed provides that, in the event of the Trustee giving notice of retirement or being removed by Extraordinary Resolution under the Trust Deed, the Issuer shall use its best endeavours to procure that a new trustee is appointed as soon as reasonably practicable. If no appointment has become effective within 60 days of such notice or Extraordinary Resolution, the Trust Deed provides that the Trustee shall be entitled to appoint a trust corporation. Notice of any such change shall (if required by the Trustee) be given to the Noteholders in accordance with Condition 14 as soon as practicable thereafter.

17. **FURTHER ISSUES**

The Issuer is at liberty from time to time without the consent of the Noteholders or the Couponholders to create and issue further notes or bonds (whether in bearer or registered form) either (a) ranking pari passu in all respects (or in all respects save for the first payment of interest thereon) and so that the same shall be consolidated and form a single series with the outstanding notes or bonds of any series (including the Notes) constituted by the Trust Deed or any supplemental deed or (b) upon such terms as to ranking, interest, conversion, redemption and otherwise as the Issuer may determine at the time of the issue.

18. **CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Note, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

19. **GOVERNING LAW**
The Trust Deed, the Agency Agreement, the Notes, the Coupons and any non-contractual obligations arising out of or in connection with the Trust Deed, the Agency Agreement, the Notes and the Coupons are governed by, and shall be construed in accordance with, English law.
USE OF PROCEEDS

The net proceeds from each issue of notes may be applied by the Issuer for any purpose relevant to its functions under any enactment or for the purposes of the prudent management of its financial affairs. If, in respect of an issue, there is a particular identified use of proceeds, including where the proceeds are to be applied towards energy efficiency measures or other environmentally sustainable projects, such purposes may be more particularly described under “Reasons for the Offer” in the applicable Final Terms.

1. Free cash flow is cash generated from operating activities less capital expenditure, cash lease payments and interest paid.

2. The comparative figures for the half year ended 28 September 2019 have been restated to reflect the correction of an error that resulted from the transition to IFRS 16 Leases, resulting in an increase in profit for the period of £5.3m.

NEVER THE SAME AGAIN

The Group has outlined its intention to bring forward elements of the transformation as a result of the crisis to accelerate change under the Never the Same Again (NTSA) programme. NTSA has impacted the shape and ways of working across the whole family of businesses with a focus on delivering a faster more streamlined digital multichannel business now. Highlights in the period include:

- A strengthened central leadership team with the arrival of Eoin Tonge, CFO, Richard Price MD Clothing & Home and Katie Bickerstaffe, Chief Transformation and Strategy Director and multiple further appointments in each of the businesses
- The successful switch over to supply of M&S products to Ocado Retail from 1 September and the strong performance of M&S products on the platforms since launch
- Substantial restructuring and store cost reduction introducing new more flexible working and shifting focus and time to front of house service, enabled by the roll-out of market leading store technology
- Sparks loyalty programme relaunched and grown to over 8 million members as a digital first loyalty scheme through the M&S App, building on recent investment in data science capabilities to drive greater loyalty and engagement
- A substantial acceleration in the reshaping of Clothing & Home reflecting both lower demand but also the need to move to more popular faster moving mainstream product
- The launch of ‘MS2’, the Group’s new integrated global digital, data and online business division to enable Clothing & Home to compete like a pure play and maximise the significant online opportunity

These changes, combined with the continued transformation of the underlying businesses leave M&S well positioned to exit from the crisis in a stronger, leaner and more focused position.

ROBUST PERFORMANCE IN THE FACE OF COVID

The business has performed better than expected during the first half with revenue down 15.8 per cent, outperforming its Covid-19 planning scenario by 22.8 per cent. As a result, the Group exited the period with reduced stock levels year on year and generated free cashflow. Group net debt reduced £118.5 million and at the end of the period it had £1.4 billion of cash and available facilities including the £1.1 billion undrawn revolving credit facility.

FINANCIAL PERFORMANCE

- Group loss before tax and adjusting items was £17.4 million, down £193.7 million on last year. The profit decrease was due to the decline in Clothing & Home and International operating profits reflecting the impact of Covid-19 related social distancing measures and reduced footfall.
- UK Food revenue decreased 0.3 per cent. with the decline attributable to the initial effects of lockdown in April. Operating profit before adjusting items increased 19.0 per cent., largely due to reduced costs which more than offset an adverse mix impact on gross margin.
- Clothing & Home revenue decreased 40.8 per cent, as a result of the impact of lockdown on store sales in quarter one. The business generated an operating loss before adjusting items of £107.5 million. While online growth resulted in a substantial improvement in online contribution margin, this was more than offset by the decline in stores.
- The business generated free cashflow of £77.6 million largely driven by lower working capital, reduced lease payments due to timing, lower tax payments and lower adjusting items offset by a lower adjusted operating profit.
- Net financial debt decreased £64.5 million from the start of the year. The Group currently has £1,386 million of total cash and committed credit facilities which are undrawn.
- As previously indicated no dividend will be paid for the 2020/21 financial year.

Steve Rowe CEO said:
“In a year when it has become impossible to forecast with any degree of accuracy, our performance has been much more robust than at first seemed possible. This reflects the resilience of our business and the incredible efforts of my M&S colleagues who have been quite simply outstanding. But out of adversity comes opportunity and, through our Never the Same Again programme, we have brought forward three years change in one to become a leaner, faster and more digital business. From launching M&S Food online with Ocado to establishing an integrated online business division ‘MS2’ to step-change growth, we are taking the right actions to come through the crisis stronger and set up to win in the new world.”

UNITED KINGDOM TAXATION

The comments below are of a general nature and reflect current United Kingdom law as applied in England and Wales and current United Kingdom HM Revenue and Customs (HMRC) published practice at the date of this Offering Circular (which may not be binding on HMRC). The comments are not intended to be exhaustive. The comments relate only to the position of persons who are the absolute beneficial owners of their Notes and Coupons and deal with United Kingdom withholding tax treatment on payments of interest (as that term is understood for United Kingdom tax purposes) in respect of Notes. They do not address other United Kingdom taxation implications of acquiring, holding or disposing of Notes and Coupons (except for comments on direct assessment to income tax of interest on Notes) and may not apply to certain classes of persons (such as dealers in securities) or where the interest on any such Note is deemed to be the income of any person other than the Noteholders for United Kingdom tax purposes.

The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

Payment of Interest on the Notes

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes are and continue to be listed on a “recognised stock exchange” within the meaning of section 1005 of the Income Tax Act 2007. The London Stock Exchange is a recognised stock exchange. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the Financial Services and Markets Act 2000) and are admitted to trading on the London Stock Exchange. Provided, therefore, that the Notes are and remain so listed and admitted to trading, interest on the Notes will be payable without withholding or deduction on account of United Kingdom tax.

Interest on the Notes may also generally be paid without withholding or deduction on account of United Kingdom tax where the maturity of the Notes is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing the original intention of which is that the Notes may remain outstanding for more than 364 days.

In all other cases, an amount must generally be withheld from payments of interest on the Notes on account of United Kingdom income tax at the basic rate (currently 20%) subject to any available exemptions and reliefs including an exemption for certain payments of interest to which a company within the charge to United Kingdom corporation tax is beneficially entitled. However, where an applicable double taxation treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to Noteholders, HMRC can issue a notice to the Issuer to pay interest to the Noteholders without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Interest on the Notes may be subject to income tax by direct assessment, even where paid without withholding. However, interest on the Notes received without deduction or withholding on account of United Kingdom tax will not be chargeable to United Kingdom tax in the hands of a Noteholder (other than certain trustees) who is not resident for tax purposes in the United Kingdom unless that Noteholder carries on a trade, profession or vocation in the United Kingdom through a United Kingdom branch or agency in connection with which the interest is received or to which the Notes are attributable (and where that Noteholder is a company, unless that Noteholder carries on a trade in the United Kingdom through a permanent establishment in connection with which the interest is received or to which those Notes are attributable). There are exemptions for interest received by certain categories of agent (such as some brokers and investment managers). The provisions of an applicable double taxation treaty may also be relevant for such Noteholders.
FOREIGN ACCOUNT TAX COMPLIANCE ACT

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a foreign financial institution (as defined by FATCA) may be required to withhold on certain payments it makes (foreign passthrough payments) to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (IGAs), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthrough payments are published in the U.S. Federal Register. and Notes issued on or prior to the date that is six months after the date on which final regulations defining foreign passthrough payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). However, if additional Notes (as described under “Terms and Conditions of the Notes—Further Issues”) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in Notes.
THE PROPOSED FINANCIAL TRANSACTION TAX

On 14 February 2013, the European Commission published a proposal (the Commission’s Proposal) for a Directive for a common financial transactions tax (FTT) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the Commission’s Proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.
SUBSCRIPTION AND SALE

The Dealers have, in an amended and restated programme agreement (such programme agreement as supplemented and/or amended and/or restated from time to time, the Programme Agreement) dated 11 December 2019, agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement will extend to those matters stated under “Form of the Notes” and “Terms and Conditions of the Notes”. In the Programme Agreement, the Issuer has agreed to reimburse the Dealers for certain of their expenses in connection with the establishment and any future update of the Programme and the issue of Notes under the Programme and to indemnify the Dealers against certain liabilities incurred by them in connection therewith.

United States

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from or not subject to, the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Tranche of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Prohibition of sales to EEA and UK Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Offering Circular as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area or in the UK. For the purposes of this provision:

(b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and

(c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

**Japan**

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the **FIEA**) and each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it will not offer or sell any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

Dealers Transacting with the Issuer
Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and its affiliates in
the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer’s affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
